

Model # WHL1

Please READ and FOLLOW all instructions carefully.

Step 1-

Mounting Wheel Holder To Track

The Wheel Holder is designed to be mounted to either Single Track (TRK14) or Triple Track (TRK33/TRK34). After choosing the track to mount Wheel Holder to, slide head of carriage bolt into the track. Once carriage bolt is in place, align round tabs on the bottom of the wheel holder so that they rest inside track. Slide Wheel Holder in track to exact position desired, and tighten gray daisy dial (clockwise) until securely tightened.

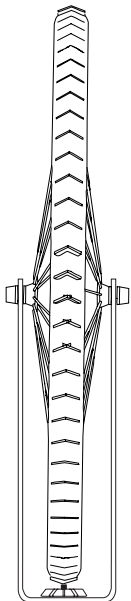

Step 2-

Mounting Wheel

Set your tire into notches at the top of the Wheel Holder. Secure the wheel to the Wheel Holder with skewer, following bike manufactures recommendations.

Warranty

We warrant this product to the first consumer to be free from defect in material and workmanship for a period of one year from date of purchase. (Please retain your sales slip for your records.) Any product or part thereof found to be defective within that period will be replaced without charge provided that: (1) the product was not misused; (2) no alterations or modifications were made; (3) its failure resulted from a defect in material or workmanship and not from normal wear expected in the use of the product; (4) the product or part is delivered, freight prepaid, to Graber Products. Manufacturers only obligation shall be to replace such products or parts proved to be defective.
